Independent Standard-Setting Boards. Auditing & Assurance . The International Auditing and Assurance Standards Board sets high-quality international standards for auditing, assurance, and quality control that strengthen public confidence in the global profession.

2013 Handbook of International Quality Control, Auditing

Assurance service is an independent professional service, typically provided by Chartered or Certified Public Accountants or Chartered Certified Accountants, with the goal of improving information or the context of information so that decision makers can make more informed, and presumably better, decisions. Assurance services provide independent and professional opinions that reduce ...

Assurance services - Wikipedia

An information technology audit, or information systems audit, is an examination of the management controls within an Information technology (IT) infrastructure. The evaluation of obtained evidence determines if the information systems are safeguarding assets, maintaining data integrity, and operating effectively to achieve the organization's goals or objectives.
